CRIMINON MEANS "NO CRIME" | REHABILITATION IS POSSIBLE

4TH QUARTER 2024

Unlock Your Potential

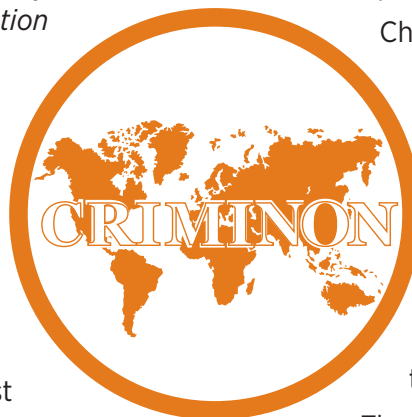

THE POWER WITHIN YOU

Transforming tomorrow through self-belief and embracing change.

The Way to Happiness tells us, "Sometimes others seek to crush one down, to make nothing out of one's hopes and dreams, one's future and oneself." This is invalidation, and those who invalidate us can severely impact our path to change. Mr. Hubbard says, "Self-invalidation is merely the accumulation of invalidation of oneself by others'."

Recognizing this helps us understand that our worth is not defined by others but by our belief in ourselves.

Self-improvement is full of challenges and doubts, but it also promises growth. To make tomorrow better, embrace your inner power and strive for positive change, no matter how others have invalidated you, or what past failures you've experienced. The Criminon program helps offenders regain their self-respect and learn how to make better choices as they improve their lives.

Stellar student Casey M. says, "I learned that change is possible despite what anybody else says or what they think about you. The power is in your own hands to change for the better." This insight shows that our future is shaped by our actions, not others' opinions.

Change is a part of life. It may be scary to leave our comfort zones and face our fears, but it is in these moments that we find our true strength and seize the opportunity for growth. Mr. Hubbard also says, "Never regret yesterday. Life is in you today and you make your tomorrow." This emphasizes the importance of living in the present and shaping your future with your actions today.

The power to change is within each of us. Charge it up with the information our Criminon courses give you and then use your power wisely.

WHAT CRIMINON STUDENTS ARE SAYING

THE WAY TO HAPPINESS

Until I took this course, I did not realize how unhappy I was and the effect that had on others. I began to feel better and started treating others as I wanted to be treated. I got motivated and graduated my paralegal course. | **Jody W.**

SUCCESSFUL PARENTING SKILLS

The most informative idea for me was directing a child's attention. Life would have been much smoother if I had this knowledge before. I am a better man because of the knowledge. | **Robert L.**

THE TRUTH ABOUT DRUGS

The win for me is now I'm able to help a friend of mine who is currently dealing with substance abuse. I'm now equipped with the information and facts to inform him of the dangers of that addiction. I think coming from me, he'll be more receptive to the information. | **Roger J.**

UPS & DOWNS IN LIFE

Learning how to deal with life's lumps and downs has been a tremendous help to my survival. The skills I learned helped me to be able to identify a person with antisocial characteristics. It is very important to know what a suppressive person is, especially here in prison where there are many. One's own survival depends on the skills taught in this course. | **Joel E.**

LEARNING IMPROVEMENT

Learning how to learn and understand new things helped me find the way to do things better in my life. Now that I can overcome the barriers to learning I am sure I'll get the most out of any course I take. I am more confident now and believe I will be able to succeed in life. | **Richard M.**

THE TRUTH ABOUT DRUGS EXPANDED

Since getting involved in Criminon and implementing the lessons I've learned in my life and daily routine,

the negative individuals who once gravitated toward me for the purpose of getting high, now gravitate toward me due to the positive and influential drug-free lifestyle I lead. They desire to gain access to the freedom I have. | **Collie W.**

PERSONAL INTEGRITY

This course helped me look more closely at my own actions and motivations. Because I can now recognize my part in events in my past, I have been able to come to terms with those events and I am also more aware of my current behaviors. | **Jerrie B.**

CONDITIONS OF LIFE

The knowledge I gained from this course affirms I am on the right road. This course underscores that we all have a level of ethics whether they are good or bad. The latter will only destroy a person's survival. | **Dwayne L.**

SUCCESSFUL PARENTING SKILLS COURSE

This course has shown me how to be an effective parent. Though I don't have any children yet, I am grateful to have the knowledge that I need to parent children in a productive and supportive way, in a way that is better than how I was raised.

| **Casey M.**

THE WAY TO HAPPINESS

I learned that life isn't just about me. The precepts gave me a better understanding of why and how I'm still valuable. I am thrilled because socially I am a better person given the fact that the precepts allowed me to compare the me now to the me before learning them.

| **James B.**

THE TRUTH ABOUT DRUGS

I never knew alcohol was just as bad as illicit drugs and as addictive. I am committed to not taking drugs or selling drugs knowing the extreme harm it causes to the mind and body. Taking drugs makes you less intelligent and I do not need that. I will definitely share this knowledge because I am sure many really do not know the effects of drugs such as marijuana and alcohol, etc.

| **Tremayne D.**

STELLAR STUDENTS

STELLAR SUCCESS

My thinking and choices led me to prison. I needed to have a different perspective so I could make better decisions today and tomorrow. I am a better person today with a better perspective and view of life than when I began these courses.
