CRIMINON MEANS "NO CRIME" | REHABILITATION IS POSSIBLE

3RD QUARTER 2025

Built from within, one decision at a time.

REAL STRENGTH

Building character when no one's watching

Words are easy, but actions show the truth. And here's the key: *Do the right thing even when no one is watching.*

Why? Because you are your ultimate judge. That inner voice knows if you're living true, and it's the one that counts most.

Humanitarian L. Ron Hubbard stated, *"Man is not happy unless he is honest. White, black, red or brown, this is true of all times and all races."*

The Way to Happiness Precept 6, "Set a Good Example" states to act in ways that help others see a better path. But it starts with you choosing kindness, honesty, and strength when it's just you and your thoughts. Your choices build real character, and they shine out to inspire others without a word.

In today's world, it's common to see folks arguing—on the streets, in prison, or alone with temptations—about who's tougher or who's right. But fights just stir up trouble. Instead, be the

one who stays calm and in control. Criminon courses, especially *The Way to Happiness*, bring this to life.

As you study the precepts, you're not just learning rules—you're facing your own judge and practicing being a better person. Another quote from

Mr. Hubbard tells us, *"The basic individual is not a buried, unknown or different person, but an intensity of all that is best and most able in the person."*

Build self-esteem, treat others well, and watch how your actions ripple out. You're breaking the cycle of crime, one honest choice at a time.

You're not arguing for a better life, you're living it. Keep setting that good example, and you'll inspire and influence more people than you will ever know. That's real strength.

WHAT CRIMINON STUDENTS ARE SAYING

THE WAY TO HAPPINESS

The thing I learned the most through this course is that happiness is something we must actively seek each day by living by a set of morals and values that hold us to a standard of greatness. Happiness follows as we continue down a path of righteousness. | **Christopher S.**

THE WAY TO HAPPINESS

I have been in prison since I was 15 years old. For the longest time I blamed other people instead of taking exception for me being around when it happened. Now I am 35 years old and know that all I want is an opportunity to show the improved individual I have become. Everybody wanted me to change my life, but "I" was not ready. I had to find that moment, and when I did, Criminon "The Way To Happiness" was like a roadmap on how to do and be better not just for me but for others around me. | **Tommy C.**

THE WAY TO HAPPINESS

Completing this course has done so much for me personally, in my marriage and with the relationships I have with friends and my family. I've learned how to value not only

myself but those around me. It has taught me how to uphold my values and virtues. My growth and behavior are big components in that process. | **Ignacio V.**

LEARNING IMPROVEMENT

I realized I was skating through my other studies without fully understanding the information. I have a better comprehension of all my class materials now thanks to this course. Who would've thought skipping over one word would become such a huge obstacle. | **Paula S.**

LEARNING IMPROVEMENT

Learning about barriers allowed me to see my mistakes when reading and processing information. I utilize this skill every day, especially while I'm in college. It really came in handy. I've been successful in Spanish because of this course. | **Raymond H.**

THE TRUTH ABOUT DRUGS

I learned things I didn't know about what I was doing to my body and mind. As I went through this course, I realized that I could have died at any point in my stupidity. I now have the knowledge I need to keep my body & mind healthy and drug-free. With

this knowledge I hope to be able to help others to know the truth about drugs. | **Dollie Mc.**

THE TRUTH ABOUT DRUGS EXPANDED

This course was straightforward and informative. It kind of frightened me because I had smoked marijuana almost my entire life and to read about its short- and long-term effects really shattered my previous beliefs about it. I'm forever changed by it. | **Daniel E.**

THE TRUTH ABOUT DRUGS EXPANDED

Now that I know the truth about drugs, I am winning because I know how harmful they are and I know I must stay clean and sober so I can succeed. I'm also armed with the knowledge to tell others the truth about drugs and how destructive they are and help others discover this truth. | **Robert J.**

PERSONAL INTEGRITY

I've learned how and why to be authentic not only with myself but also with others because it shows character and morality. I've learned that one gets nowhere without

integrity. This course has literally taught me the importance of being genuinely honest if I want success and betterment. To be any other way brings problems. | **Collie W.**

PERSONAL INTEGRITY

I learned that to move forward, my actions, thoughts, and words have to be righteous. By doing so there is so much less stress in my life. People are drawn closer to me because they see the change that has developed in me because of my spiritual studies and completing Criminon courses. | **Joseph Mc.**

UPS AND DOWNS IN LIFE

This course has helped me learn how to read people and to think about how I'm feeling when I'm around certain people. This course will help me when I get out of prison to understand people's personalities and make wise choices in choosing who I make friends with. | **Rene S.**

SUCCESSFUL PARENTING SKILLS

Even though my sons are grown, my grandkids will now benefit from this course. There was so much life wisdom that I saw ways it applies even to adult relationships. Understanding "havingness" and how to view it in my life was another eye opener for me. | **Alphonse L.**

COMMUNICATION TOOLS

This course gave me a broader understanding of communication and how to apply it to have true communication with no misunderstanding. And, if a misunderstanding does arise, this course has the tools to work through the misunderstanding and complete the cycle of communication. | **Jesse S.**
