I will repay your kindness

BE WORTHY OF TRUST

Keeping his word - A Lesson from Ancient China

Han Xin was a poor and often hungry young man. One day an old woman washing clothes by the river saw him and kindly gave him food. Han Xin looked her in the eye and promised, "One day, when I can, I will repay your kindness."

Years went by. Han Xin worked hard, became a great general, and gained power. He never forgot his promise. He searched until he found the old woman and gave her gold, honor, and care. He treated her like his own mother and made sure she lived well for the rest of her days.

Han Xin kept his promise which made him an honorable man, so much so that he's remembered more than 2000 years later.

In today's world, broken promises are commonplace. When you keep your word, even on small things, you become someone people can count on.

When trust is lost, it takes time and effort to rebuild it. Mr. Hubbard states, "*The right of a person to survive is directly related to his honesty*".

Honesty is the quality of being truthful, sincere, and free from deceit. It means speaking and acting in ways that are straightforward and reliable, so others can trust what you say and do.

The Criminon curriculum helps you learn many aspects of honesty so you can become the person you want to be. Han Xin would be proud of your steps. Keep your word, that's the path to a better future for you and people around you.

Be Worthy of Trust. Within this precept from *The Way to Happiness*, are the words, "Keep your word once given. People who keep their word are trusted and admired."

WHAT CRIMINON STUDENTS ARE SAYING

THE WAY TO HAPPINESS

Taking this class has helped enforce feeling & thought I've had in my head. My biggest accomplishment is I recently walked away from gang life - people that only contribute to my downfall & negativity. Learning about all the different virtues and going through the motion of doing one virtue daily has set in motion positivity. I am becoming the man I want to be.
| **Carlos O.**

CONDITIONS OF LIFE

I learned there are specific conditions which exist in life — both high and low. By applying the exact formula to the correct condition, I can improve any condition I decide to and raise myself to a higher level of survival. | **Diante W.**

THE TRUTH ABOUT DRUGS

I used to smoke marijuana and never thought I had an addiction. I now understand how drugs controlled my way of thinking and my life. This

course showed me how drugs can ruin your life and even kill you. I used what I learned in this course to try to stop my brother from doing drugs. I now have the knowledge to teach others about the damage drugs can do to your body, brain and nervous system. | **Darnell M.**

UPS & DOWNS IN LIFE

I learned I should choose my friends and associates wisely. I won't be able to realize my full potential if I'm surrounded by negative influences.
| **Roger J.**

LEARNING IMPROVEMENT

What I learned has already helped me with the courses I'm taking on my tablet with Edovo. When I get stuck or frustrated, I know to go back and find the misunderstood word, understand the word clearly and then go back to studying. I have passed several courses on Edovo with the help of this course and that gives me confidence in my ability to learn. | **Jonathan R.**

THE WAY TO HAPPINESS

Before I started this course I was disgusted with what I saw in the mirror. The past labels put on me — broken, unwanted, used, unworthy, tainted, betrayed, unloved, ugly — were labels that I held close to my heart. After this course I could see where those labels stopped and I began. Doing my virtues gave me a chance to see the beautiful parts of who I really am. It made me gain a new respect for that woman in the mirror. Y'all are truly touching and changing lives.
| **Meagan W.**

THE TRUTH ABOUT DRUGS EXPANDED

I learned a lot about drugs and how they can potentially affect the way people act, communicate, and socialize. This course has taught me that drugs are the #1 enemy to society and for our society to thrive we need to put an end to drugs.
| **Mohamed A.**

PERSONAL INTEGRITY

I learned my actions have consequences, and that my actions and behavior towards other people can motivate them to do right or wrong. I was reminded that it starts with “self”. If I know better, I do better for the greater good of humanity. | **Kevin G.**

COMMUNICATION TOOLS

Most of us go through life never understanding that there is a formula for correct communication which makes communicating with others easier and more enjoyable. | **Russell S.**

THE TRUTH ABOUT DRUGS EXPANDED

When I found out what really comes in some of these drugs and what they do, it made me not want to put any of those toxins in my body. | **Karen D.**

PERSONAL INTEGRITY

I learned that regardless of what other people do or don't do, that I should always maintain my personal integrity. It builds good character, honor and respect and helps me win in life. | **Robert J.**

THE WAY TO HAPPINESS SEMINAR

Understanding the basic guides to living made me a better person and helped me live my life happier and have better people skills. It's had a big impact on how I think. | **Nolan W.**
