CRIMINON MEANS "NO CRIME" | REHABILITATION IS POSSIBLE

3RD QUARTER 2025

Criminon Florida...

is part of an international non-profit network dedicated to helping inmates learn to be productive members of society.

Move up step by step toward greater stability and success

IMPROVE CONDITIONS IN LIFE

Use the tools in the Conditions of Life Course to take control of your condition in order to improve it.

A condition is a state of existence. Be it an organization or an individual, everything passes through various states of existence. When a condition is improving, it is moving up toward stability, expansion, and well-being. When a condition is worsening, it is falling down toward worry, misery, and eventually death.

When a person commits a crime, they find themselves in a lowered condition in relation to society and also to themselves. The moment that person decides to change is the moment they realize they are in a low condition and must improve it. You, Stellar Student, followed the Criminon path upwards, regaining your self-respect and acquiring valuable life skills to reach a higher condition of existence.

The Conditions of Life Course (COL) helps you understand which condition you are in and learn what

you must do to progress from one condition to another. "I didn't realize that this whole experience of getting arrested, going to prison, getting to know my true self, deciding I wanted to better myself, and then beginning to do good things is covered by COL," writes David S. He understood he started in a low condition but, through his own doing, "I've worked my way up to a higher condition."

This course will help you navigate life on the outside toward stability and success; as COL graduate Michael N. remarks, "These will be important tools for me to use upon my release from prison."

The lessons have been revised for better understanding and more effective use in life. We urge all Stellers who haven't done this course—or who studied it more than two years ago—to request COL!

SUCCESSSES FROM THE WORLD OF STELLAR STUDENTS

EVERYTHING TO GAIN

I originally heard about Criminon in a book by L. Ron Hubbard. I signed up to learn more and was very surprised how he makes things so easy to understand, not just the concept, but the real-world application of the teaching. Following his courses will easily change your life dramatically for the better. You have nothing to lose, and everything to gain. | **James G.**

EYE OPENING CURRICULUM

I have to admit that I learned so much from these courses that have had me reeducate myself to see where a lot of my faults originate from and how to conquer them. I do not have children, but when I do I will definitely use what I learned in the Successful Parenting

Skills. It explained so much I see in children today. These courses are truly eye-opening experiences that if allowed can help us grow into a stronger version of ourselves. | **José T.**

HELPED ME GROW

It's been a long time coming. Each of these lessons has not only helped me heal but has helped me grow. They taught me things that life doesn't teach you in this way on a day-to-day basis. I enjoyed doing these courses and I'm glad to have you guys at Criminon in my life. Thank you to my supervisor for staying with me. | **Lee G., Sr.**

KNOWLEDGE BRINGS HAPPINESS

Each lesson throughout these Life Improvement Courses taught me tools to achieve self-betterment. At the age of

58 years old, I've learned so much about myself, how to go about things in a more positive manner, about the many facets of virtue and how to overcome the ups & downs that come my way. The main thing I learned is that the true way to happiness is to obtain knowledge to take you each step of the way in your life! | **Mary C.**

A LIGHT IN A DARK PLACE

I'm thankful for this program. It is a light in this dark place. To learn something positive, to learn how to handle different situations, is a blessing. Knowledge is key. Thanks for being patient with me while I finished these courses. Now it's on me to continue this work and pass it on to others. | **Craig B.**

CAT'S CORNER

The goal of life in this universe may be defined as an effort to survive as long as possible and attain the most desirable state possible in that survival. A *dynamic* is a surge of energy within us which is seeking to promote the survival of something. The dynamic principle of existence is: SURVIVE!

You may have noticed *The Way to Happiness* starts with you and expands to include family and children, groups, mankind, the planet, and religious beliefs. These are all different dynamics—expanding in scope—and they fit in with learning and applying the conditions mentioned in the feature article. Conditions show how well one is surviving along any dynamic. In other words, they show how well you are doing in any area of your life.

Staying in communication with Stellars who have been released demonstrates how important knowing and using conditions (COL) and the information on antisocial and social characteristics (Ups & Downs) become when you are the one solely in control of your life. Justin F. says he wants to write a manual about relationships, as when he was released, he found it very easy to be tricked into a bad one.

From Mr. Hubbard, "*A vital thing to realize is that the formulas of conditions exist. They are part and parcel of any activity in this universe... the variables are only how well one estimates the situation and how energetic one is in applying the formulas.*"

WORDS FROM THE WISE

Since I became a Stellar, I have not stopped promoting the Criminon courses; that's why I often finish at the top of the Stellar game. I want others to know they can make real change, recover from past addictions, and achieve their goals.

I'm proud of my part in helping get Criminon seminars running in English and Spanish in my dorm, and in getting over half the men studying the courses. Here's what I tell others to encourage them to sign up:

- You have great value, despite the environment you're in
- Whatever is in your past, look forward and know you CAN make an impact
- Formulate a plan of higher learning, then stay the course
- This program will challenge you, but remain focused and remember the knowledge you gain will benefit not only you but all those around you.

Fellow Stellars, let's spread the word about the Criminon program through our conduct, character, and conversations. And let's thank all the hardworking Criminon volunteers who have such a passion to help others!

THE WAY TO HAPPINESS

HOW TO PLAY

The name of the game is getting new students onto and using the precepts of *The Way to Happiness* distance learning course. It's a win-win situation. You win, the students you enroll win, and others in your institution win too. YOU can make a difference in someone else's life!

- Signing up students is the first step. Choose people you think are ready for a change. Tell them about how much your life has changed since you started on the Criminon program, and in particular your wins from *The Way to Happiness* Course. Do they want changes in their life too?
- Give him/her one of the enclosed yellow course request cards. They can also write a letter requesting the course. A new student must be the one requesting to start *The Way to Happiness* Course. You cannot fill out a card and request it for him or her. **Remember, only give out yellow cards to NEW students, NOT to those already on the program.**
- Follow up with this person to make sure they received *The Way to Happiness* book and course materials. Make sure they are doing the lessons and sending them in. Completing the course is what we are going for, so they can apply the material to change their lives. Some may need extra help understanding the material. Many need reminders of how valuable the course is, and how important it is to keep sending their lessons in.
- Once we receive a request card or letter with your name on the referred-by line, you get 15 points for a sign-up. The office then sends materials out to your student. When their first lessons come into the office, you get another 35 points and when they complete the course, you get 50 additional points for a total of 100 for each student who completes.
- All your referred students and earned points are tracked and reported each quarter. There is no carry over from one quarter to another. Everyone starts the game with zero points at the start of a quarter.
- When 3 or more students you refer send in their first lesson, you will receive a commendation from Alison at the end of the quarter.
- When you need more yellow cards, just write to Alison and ask for more. They are easy to hand out to others who fill them out and just drop them in the mail. Be sure to put your name on the bottom line (referred by). If you can't use the cards, ask your librarian or chaplain if you can put them out for others to pick up, or if you can post them on a bulletin board. **YELLOW CARDS ARE FOR SIGNING UP NEW STUDENTS ONLY.**
